

Attachment A to DPSS 4273 DPSS Public Website Change Request

Submitted by: Jose R. Beltran, RM Date: 08/25/2015 Micro: 43309

Please explain the requested change and why it will enhance the website:

Add the website link to the newly created Foster Care Provider Reporting Portal web application. Foster Care caregivers must have a valid User Name and Password to access web application.

- The URL for the Internet site is: <https://providerweb.riversidedpss.org>
- The link should read as follows: "Foster Care Provider Reporting Portal"
- Please add a description that reads as follows:

Foster Care Provider Reporting Portal

The Foster Care Provider Reporting Portal is a web application that has been created in partnership with foster care providers. This web application supports our collective effort to issue timely and accurate Foster Care and Medi-Cal Program benefits to children in out-of-home care.

This web application helps you to do the following:

- Enter child demographic information
- Enter child placement information, i.e. child entering or leaving your care
- Submit a Foster Care Provider Monthly Report
- Submit Foster Care Program benefit inquiries
- View and print On-Request reports

This web application is secure and requires a valid User Name and Password. If you do not have a user name, please contact a local Foster Care Office. You may obtain the local office information by clicking (add this link) <http://dpss.co.riverside.ca.us/childrens-services-division/foster-care-benefits/offices>

Note: At this time, only Foster Family Agencies, Group Homes, and Specialized Foster Family Homes are using this web application.

Suggestion for the location of the link is as follows:

The specific location is on page... <http://dpss.co.riverside.ca.us/childrens-services-division/foster-care-benefits/financial-and-medical-assistance>

Please see screen print below...

Foster Care Benefits:

- Introduction
- Financial and Medical Assistance
- Non-related Legal Guardian (NRLG)
- Kinship Guardianship Assistance Payment Program
- Administrative Hearings
- Foster Care Medi-Cal
- Foster Care Offices
- Foster Care Rates
- Special Care Increments

application is assigned to a Foster Care Eligibility Technician (FC ET), who determines the child's eligibility. If the child is eligible, an FC ET "maintains" the foster care case until eligibility terminates.

You can also obtain additional information by visiting the State Foster Care website by clicking [here](#).

Click [here](#) for information regarding Extended Benefits After Age 18 through the California Fostering Connections Act.

Other Resources
