ACTIONS & DECISIONS	PRESENTER	ACTION/ OUTCOME
Gaps Analysis Planning & Strategies	Linda Barrack	<ul style="list-style-type: none"> The committee analyzed data for POL CVAG number of beds and RRH households. The committee discussed housing needs and gaps for mental health, substance abuse and domestic violence subpopulations. They believe having a strong collaboration with a Permanent Supportive Housing (PSH) provider and a supportive service line for individuals to access can help address these needs. Housing First states providers should not be placing barriers to discriminate against any subpopulation. Additional discussion took place in regards to funding and housing options for more than a thousand individuals who do not fit into PSH. Gaps in various housing types are continuing to be analyzed including: PSH, RRH, TH, ES and bridge housing. The committee believes they should participate in the following CoC activities: <ul style="list-style-type: none"> Define homeless prevention strategies Write CoC written standards Encourage peer networking program and technical assistance groups. Suggestion for David Leahy, ABC Recovery, to speak at a future CoC meeting to educate members and the community about Medi-Cal, treatment centers and substance abuse programs
