ONLINE CAREGIVER TRAINING

In collaboration with Riverside County's IHSS Public Authority, the UCLA Geriatric Workforce Enhancement Program (GWEP) is pleased to announce the release of our online training website:

 **AGEDucate** (www.ageducate.net)

This site offers *no-cost online training in English and Spanish* that addresses various topics for caregivers of elderly adults, especially for patients with Alzheimer's and dementia.

Once you finish, you will receive a UCLA certificate of completion.

Topics Covered

- **Dementia Training Part 1** (35 minutes): Recognize common signs of dementia and identify the stages of dementia
- **Dementia Training Part 2** (35 minutes): Understand common behavioral problems associated with dementia, and learn how to keep a person with dementia safe
- Stay tuned for more topics to come!

We hope you will find this resource helpful to your caregiving experience!
